

Ergonomic adjustability and comfort are the cornerstones of BodyBilt seating. The J2507 features 10-point posture control, which allows the user to control their ergonomic level of comfort. The #7 seat pan, BodyBilt's most popular, is moderately contoured and fits the largest percentile of workers in regards to size, weight and frame. The J-style mechanism allows for a smooth rocking motion or may be locked in a stationary position.

Standard Features:

- High-Back (22.0" long x 21.5" wide)
- Fully Upholstered Back Shell
- Backrest angle adjustment
- Backrest height adjustment (4" range)
- Armrest height, articulation, angle, & width adjustment
- Black, non-upholstered arm pads (Soft, 4" wide)
- #7 Seat (19" depth x 21" width)
