

The J756 chair is a popular part of BodyBilt's Mid-Back Task seating line and offers a comfortable choice for the smaller worker who desires a minimal amount of contour. This chair was designed specifically for desktop intensive job performers. The J756 features ten ergonomic adjustments that allow the user control their own comfort level. The J-style mechanism pivots from a point near the center of the chair and allows for either a smooth rocking motion or may be locked in a stationary position.

Standard Features:

- Mid-Back (18.5" long x 18.5" wide)
- Backrest angle adjustment
- Backrest height adjustment (4" range)
- Armrest height, articulation, angle, & width adjustment
- Black, non-upholstered arm pads (Soft, 4" wide)
- #6 Seat (17.5" depth x 18" width)
- Seat height adjustment (5.5" range)
- Seat tilt adjustment and tension control
- 360° Swivel
- J-style adjustment mechanism (seat pivots from the center of mechanism)
- Black 26" five-star base
- Hooded carpet casters
